#### ACCOUNTANT'S REVIEW REPORT ON THE FINANCIAL STATEMENTS

Honorable Judge Staci Wiley City Court of Winnfield 101 West Boundary Avenue Winnfield, Louisiana 71483

We have reviewed the accompanying financial statements of the governmental activities and major fund of the City Court of Winnfield, a component unit of the City of Winnfield, as of and for the year ended December 31, 2008, which collectively comprise the Court's basic financial statements as listed in the Table of Contents, in accordance with *Statements on Standards for Accounting and Review Services* issued by the American Institute of Certified Public Accountants. All information included in these financial statements is the representation of management of the Court.

A review consists principally of inquiries of Court personnel and analytical procedures applied to financial data. It is substantially less in scope than an audit in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with generally accepted accounting principles.

The budgetary comparison information on pages 22 through 23, is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. Such information has not been subjected to the inquiry and analytical procedures applied in the review of the basic financial statements, but was compiled from information that is the representation of management, without audit or review. Accordingly, we do not express an opinion or any other form of assurance on the supplementary information. The City Court of Winnfield has not presented management's discussion and analysis that the Governmental Accounting Standards Board has determined is necessary to supplement, although not required to be part of the basic financial statements.

In accordance with the *Louisiana Governmental Audit Guide* and the provisions of state law, we have issued a report dated June 18, 2009, on the results of our agreed-upon procedures on page 24 through 26. Pages 27 through 28 present the Louisiana Attestation Questionnaire.

# NOTES TO FINANCIAL STATEMENTS

#### 1. Introduction:

The City Court - City courts are created under the authority of Chapter 7 of Title 13 of the Louisiana Revised Statues (LSA-R.S.) and provide for territorial jurisdiction, powers, authority, functions, election or appointment, of the various city courts throughout the state. The city court's criminal jurisdiction, as provided by LSA-R.S. 13:1894, is limited to the trial of offenses committed within its respective territorial jurisdiction that are not punishable by the imprisonment at hard labor, including the trial or cases involving the violation of any city or parochial ordinance. In addition, the judges may also require bonds to keep the peace; issue warrants of arrest; examine, commit, and admit to bail and discharge; and hold preliminary examinations in all non-capital cases. The city court's civil jurisdiction, as provided by LSA-R.S. 13:1891, is established under the Louisiana Code of Civil Procedure.

The city judge, as provided by LSA-R.S. 13:1872, is elected for a six-year term and, except as otherwise provided in LSA-R.S. 13:1875, receives an annual salary payable monthly by the city and the parish, based upon the population of the territorial jurisdiction of the court.

The city clerk, as provided by LSA-R.S. 13:1884, is appointed by the city judge and serves at the pleasure of the judge until a successor is appointed and qualified. The clerk is responsible for the minute entries of the court, a docket of all proceedings in civil and criminal matters, and additional duties enumerated by law.

The city marshal, as provided by L5A-R.S. 13:1882, is elected for a six-year term and receives an annual salary as enumerated in LSA-R.S. 1883. The marshal is the executive officer of the court and executes the orders and mandates of the city court. The marshal makes arrests, preserves the peace, and has the same authority, within his jurisdiction, as a sheriff.

The Winnfield City Court (the "City Court") is located in the City of Winnfield, Louisiana. The City of Winnfield provides the court with a courtroom and offices. The only officials of the City Court are the judge, marshal, and the clerk.

#### 2. Summary of Significant Accounting Policies:

The accompanying basic financial statements of the Winnfield City Court have been prepared in conformity with governmental accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The accompanying basic financial statements have been prepared in conformity with GASB Statement 34, "Basic Financial Statements-and Management's Discussion and Analysis--for State and Local Governments", issued in June 1999.

# A. Reporting Entity-

As the municipal governing authority, for reporting purposes, the City of Winnfield is considered a separate financial reporting entity. The financial reporting entity consists of (a) the primary government (municipality), (b) organizations for which the primary government is financially accountable, and (c) other organizations for which nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the City of Winnfield for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. The GASB has set forth criteria to be considered in determining financial accountability. This criteria includes:

- 1. Appointing a voting majority of an organization's governing body and
  - a. The ability of the primary government to impose its will on that organization and/or
  - b. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the primary government.
- 2. Organizations for which the primary government does not appoint a voting majority but are fiscally dependent on the primary government.
- Organizations for which the reporting entity financial statements would be misleading if
  data of the organization is not included because of the nature or significance of the
  relationship.

Because the City of Winnfield provides office space, courtrooms, and related utility costs, as well as partial funding of salary costs for the City Court, the City Court was determined to be fiscally dependent on the City of Winnfield and accordingly is considered to be a component unit of this financial reporting entity. The accompanying basic financial statements include only the funds maintained by the City Court Judge and do not present information on funds maintained by the City Marshal, nor do they present information on the City of Winnfield, the general government services provided by that governmental unit, or the other governmental units that comprise the financial reporting entity.

#### B. Basis of Presentation-

Government-Wide Financial Statements (GWFS)

The Statement of Net Assets and Statement of Activities display information about the reporting government as a whole. They include all funds of the Winnfield City Court, which are considered to be governmental activities.

The Statement of Activities presents a comparison between direct expenses and program revenues for each of the functions of the Court's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fines, fees and charges paid by the recipients of services offered by the City Court and (b) grants and contributions that are restricted to meeting the operational or capital requirement of a particular program. Revenues that are not classified as program revenues are presented as general revenues.

#### C. Fund Accounting-

The accounts of the Winnfield City Court are organized and the basis of funds, each of which is considered a separate accounting entity. The various funds are reported by generic fund type in the financial statements. Each fund operates with a group of self-balancing accounts that comprises its assets, liabilities, fund equity, revenues, and expenditures. Revenues are accounted for in the individual funds based upon the purpose for which they are to be spent and the means by which spending activities are controlled. The City Court uses the following fund categories and fund types.

The funds of the Court are described below:

Governmental Fund (Major)-

General Fund

The General Fund is the principal operating fund of the Winnfield City Court and accounts for its operations. The various fees and fines due to the City Court are accounted for in this fund. General operating expenditures are paid from this fund.

#### Fiduciary Fund-

Agency Funds

The Agency Funds account for assets that are held by the city court in a custodial capacity pending their transfer to the proper recipient, as provided by Louisiana law. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

#### D. Measurement Focus/Basis of Accounting-

Basis of accounting refers to when revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. It relates to the timing of the measurements made regardless of the measurement focus applied.

Accrual Basis - Government-Wide Financial Statements (GWFS)

The Statement of Net Assets and the Statement of Activities display information about the Court as a whole. Both of these statements have been prepared using the economic measurement focus and the accrual basis of accounting. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

Modified Accrual Basis - Fund Financial Statements (FFS)

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., when they are both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Court considers all revenues "available" if they are collected within 60 days after year-end. Expenditures are generally recorded under the modified accrual basis of accounting when the related liability is incurred. The exceptions to this general rule are that (1) unmatured principal and interest on long-term debt, if any, are recorded when due and (2) claims and judgments and compensated absences are recorded as expenditures when paid with expendable available financial resources.

#### E. Assets, Liabilities, and Equity-

Cash and Cash Equivalents-

Cash and Cash Equivalents include amounts in demand deposits, interest-bearing demand deposits, and time deposits of the City Court. These deposits are stated at cost, which approximates market.

#### Capital Assets-

Capital assets, which include property, plant, and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are capitalized at historical cost or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donation. The Court maintains a threshold level of \$500 or more for capitalizing capital assets.

The costs of normal maintenance and repairs that do not add to the value of that asset or materially extend the life of that asset are not capitalized.

Depreciation of all exhaustible capital assets is recorded as an expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Assets. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of useful lives by type of asset is as follows:

Furniture, computers, office equipment

5 years

#### Compensated Absences-

Employees of the Court do not accrue or "carry forward" vacation or sick leave, therefore no entry is made to record compensated absences.

Equity Classifications-

In the government-wide statements, equity is classified as net assets and displayed in three components:

a. Invested in capital assets, net of related debt---Consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

- b. Restricted net assets---Consists of net assets with constraints placed on their use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provision or enabling legislation.
- c. Unrestricted net assets---All other net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt".

In the fund statements, governmental fund equity is classified as fund balance. Fund balance is further classified as reserved and unreserved, with unreserved further split between designated and undesignated.

### F. Budget-

Prior to the beginning of each fiscal year, the City Court of Winnfield, Louisiana adopts a budget for the next fiscal year. The budget is open for public inspection. All budgetary appropriations lapse at the end of the fiscal year. The budget is prepared on the modified accrual basis of accounting.

#### G. Estimates-

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures and expenses during the reported period. Actual results could differ from those estimates.

#### 3. Cash and Cash Equivalents:

For reporting purposes, cash and cash equivalents include demand deposits, time deposits, and certificates of deposit. At December 31, 2008, the Court had cash and cash equivalents (collected bank balances) totaling \$46,309. Cash and cash equivalents are stated at cost, which approximates market. Under Louisiana law, these deposits must be secured by federal deposit insurance or the pledge of securities owned by the bank. The market value of the pledged securities plus the federal deposit insurance must at all times equal the amount on deposit with the bank. These pledged securities are held in the name of the pledging bank in a holding or custodial bank in the form of safekeeping receipts held by the Court. The deposits at December 31, 2008, were fully secured by FDIC Insurance.

#### 4. Capital Assets:

Capital asset balances and activity for the year ended December 31, 2008, is as follows:

Governmental <u>Activities</u>	Balance 01-01-08	Additions	<u>Deletions</u>	Balance 12-31-08

Net Capital Assets	\$ <u>1,654</u>	\$ <u>21,127</u>	<b>\$</b> Q	\$ <u>22,781</u>

Depreciation expense of \$3,829 was charged to the judicial function.

#### 5. Pension Plans:

Substantially all employees of the City Court are members of the following statewide retirement systems: Municipal Employees Retirement System of Louisiana, or Louisiana State Employees' Retirement system. These systems are cost-sharing, multiple-employer defined benefit pension plans administered by separate boards of trustees.

The City Clerk is a participant in the Municipal Employees Retirement System. The City of Winnfield pays the Clerk's salary and makes employer contributions to the System on behalf of the City Court.

The Judge participates in the Louisiana State Employees' Retirement System ("LASERS"). The City of Winnfield pays part of the Judge's salary and makes retirement contributions to LASERS on behalf of the City Court.
